

The College of Agriculture, Food and Environment is committed to providing new employees with the resources they need to be successful. Mentors support mentees as they become acclimated to their position by providing peer-to-peer interaction, sharing best practices and helping the new employee understand the organizational structure of the college and where the mentee's position fits into that structure. The length of the program is six months.

There are many benefits for the mentee including:

Professional and Personal Development During and After the Program

- Obtain personal and professional development opportunities
- Practice professional and interpersonal skills
- Cultivate healthy relationships that last beyond the pairing
- Improve morale
- Obtain a feeling of accomplishment
- Peer-to-peer interaction and support from others doing similar jobs
- Share best practices
- Provide helpful resources to new employees
