

If an override payroll cost distribution is needed, for a new or existing employee, then the first step would be to create **<u>control record</u>**. A control record is the list of commitments for an individual based on assignment.

Note: CDEM access will be granted to new employees on or after the start date.

Control Record Entry

1. Log into Cost Distribution Entry Module via MyUK, Enterprise Services, Cost Distribution Entry Module:

Next Steps

Existing employees: Will have Commitments already entered into CDEM that pulled from their 1018 screen. If one of these commitments will be used for the employee's cost distribution, you do not need to enter a commitment. You are now ready to create a cost distribution.

<u>New employees</u>: You will now need to enter a Commitment(s) before you can begin to create a cost distribution.

Access the <u>QRG – CDEM Adding Commitment & Entering Cost Distribution</u>.
