

Individuals who occupy a leave accruing position, upon leaving UK in good standing, may receive a terminal vacation pay out on the last pay statement per <u>policy 81</u>. After determining that a terminal vacation should be processed, HR Time Administrators would utilize <u>infotype 416</u> in SAP transaction PA30 to record the payout for staff/faculty, or <u>infotype 2010</u> to record the payout for post-doctoral scholars.

Staff and Faculty

Prior to Entry (Staff and Faculty)

- Verify that the employee has entered all leave requests, and that those requests have been approved/posted to SAP. It may be helpful to run the zhr_leaveusage report.
- After all leave requests have been approved/posted, run <u>Z_TIMERPT</u> to verify current vacation balances.

Note: For faculty who separate mid-fiscal year, please calculate the prorated vacation allotment.

Making the Entry (Staff or Faculty)

- Access SAP transaction PA30, and select the UK Time Data tab.
- Select the <u>0416 infotype</u>.
- Enter the pay out date (this should be the last employment date please do not use the separation date) before selecting the create button. It is very important that you enter the date, so that only quotas that have not expired prior to that date display.
- Select the create icon, and the type of payout you wish to enter.
